To whom it may concern,

I am writing to add my support to the efforts of David Peck, the Chief of Police for the Fairfield, Connecticut Police Department to aid a Nicaragua woman by the name of Kenia Castro to enter the United States for medical purposes.

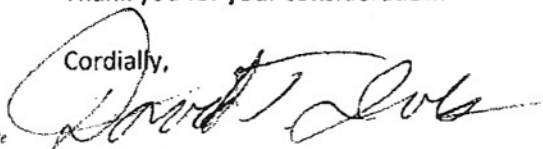

Ms. Castro lost her legs when she was six years old through an accident of war. Chief Peck has arranged for her to be fitted for new prosthetic legs which will help Ms. Castro live a normal life.

Chief Peck is a person of the highest integrity and charged with enforcing the laws of the land in his position of Chief of Police. He will make sure that Ms. Castro arrives and leaves as promised!

I urge you to grant the visa for this medical intervention on behalf of Ms. Castro!

Thank you for your consideration!

Cordially,

David T. Ives

Everyone must work to live, but the purpose of life is to serve and to show  
compassion and the will to help others. Only then have we ourselves become true  
human beings.
